Avtex Solutions Wins Two Prestigious Awards from Interactive Intelligence

MINNEAPOLIS, Minn.--([BUSINESS WIRE](#))--[Avtex Solutions](#), LLC, Minnesota-based and nationally recognized applications and systems integrator, was honored by Interactive Intelligence receiving two awards: the prestigious Pace Setter Award for generating the highest total annual sales throughout North America and generating the Most Overall Hardware Sales in a 12 month period.

This is the sixth year Avtex has achieved the annual Pace Setter Award for demonstrating superior sales by [Interactive Intelligence](#), a global provider of unified IP business communications solutions.

Avtex was also the first recipient to receive a new award given for generating the most overall hardware sales for the past 12 months. Avtex outperformed more than 300 Interactive Intelligence resellers to claim both of these awards at the annual Interactive Intelligence Partner Conference held in Indianapolis, Indiana. Bill McMonigal, Vice President of Sales, was on hand to receive the awards on behalf of Avtex.

“With the highest total revenue generated, for the sixth year, Avtex again clearly demonstrates its unique understanding of all that CIC has to offer – from the universal cost-savings of its unique software-based, single-platform architecture, to its breadth of communications applications designed to enhance customer service and increase employee productivity across all vertical industries,” said Interactive Intelligence vice president of sales, Paul Weber.

Bob Denman, President of Avtex stated, “We are proud to receive both of these awards. Avtex is the largest business partner for Interactive Intelligence. We work hard to provide our customers with leading business communications solutions that help them to reduce costs and increase productivity.”
